REPLY TO ERRONEOUS NOTICE OF NON-COMPLIANCE

ELECTRONICALLY FILED JANUARY 21, 2010

Sir:

This is in response to the erroneous Notice of Non-Compliant Amendment dated January 12, 2010, which suggested Applicant's amendment dated December 4, 2009 included a drawing amendment not properly identified as a "Replacement Sheet".

Applicant has not amended the drawings, and did not submit any replacement sheets. Rather, Applicant submitted a graphical annex to the arguments. Upon submission through the USPTO electronic filing system, Applicant properly labeled the annex as part of the "arguments" section of the submission and not as a drawing amendment.

The annex appears to have been misinterpreted by the USPTO. It appears that the USPTO, on its own initiative, improperly separated the annex from Applicant's argument section and changed the document description label to "Drawings - Amendment Not Entered" within the USPTO EFS system.

Applicant respectfully requests that this error be corrected by the USPTO such that the annex is labeled correctly in the EFS system as “Applicant Arguments/Remarks Made in an Amendment”, as originally labeled by Applicant.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,
WESTMAN, CHAMPLIN & KELLY, P.A.
